

Astute ODP

(The Next Generation Store Front)

India's Largest ODP Network

With
16+ million Registered Users
31+ million In-App Downloads
27+ million USD Gross Revenue

Every Feature on Every Device

Astute ODP

Astute ODP is India's largest ODP Network with more than **16 million registered users** and preferred choice for Telcos and Enterprises .

In the most competitive world, every enterprise is looking for one stop solution for mobile to cater all channels of mobile services at one basket.

Astute had brought world's first ODP network to meet all kind of services across On Device Portal (ODP) as **Triple Play Storefront**. It's one of the unique kind of ODP which is focused on **Triple Play strategies** i.e. targeting **Voice** (Voice Network Channel), **Access** (Data Channel) and **Media** (memory space available with device)
